

DANGER IN DELAY

Kidney Diseases Are Too Dangerous For Barre People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, flatulence and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills, which has cured people right here in Barre.

Mrs. J. L. Cummings, 80 Kim street, Barre, Vt., says: "I hold the same high opinion of Doan's Kidney Pills to-day as when I publicly testified as to their merit three years ago. Experience has proven to me that the claims made for this remedy are genuine. The worst symptom of kidney trouble in my case was a sharp pain in my hips, often lasting for days at a time. During these attacks, I could not sleep at night, and it was with great difficulty that I got about the house. If I happened to catch cold, it settled in my kidneys and aggravated the trouble. I used any number of remedies, but I found more relief from Doan's Kidney Pills, procured at E. A. Brown's drug store, than from any other preparation I had previously taken. They relieved the pains in my back, strengthened my kidneys, and proved to be a reliable kidney remedy in every respect."

A POTATO WAR.

Americans Are Fighting for Control of Cuban Market.

Woodstock, N. B., Feb. 24.—The American potato exporters are making a determined effort to oust the New Brunswick product from the important Cuban market, says C. W. Duggan, a potato shipper of this town. "Up to a week or so ago New Brunswick exporters were doing a good business in Cuba, but recently considerable shipments from the states have invaded the market and as the American article is favored by a protective tariff of 20 per cent, the outlook for New Brunswick potatoes is not so promising."

In every country except Cuba there was a surplus of potatoes last fall and in the United States, which could supply the Cuban market ten times over, potatoes are selling in samples for 60 cents a bushel. The greatest competitor New Brunswick has is the state of Maine.

The province ships hundreds of thousands of bushels of potatoes to Bermuda and the West Indies annually, but the invasion of the Cuban market was attempted only recently. In this move the shippers were aided by the New Brunswick government and an augmented steamship service.
